- 3.5 **Facilities:** Clubs need 2 courts per 2 teams entered or part thereof, except in the case of the Premier A Men's league with only two players per team where a central venue is allocated.
- 3.6 **Balls:** Every player to play first round match with 3 new balls. The home club may elect to provide two new balls per match which is also acceptable.

- 3.7 **Referee:** The home club shall be responsible for appointing a referee for the match, whose duty it will be to see that an umpire be appointed if necessary. Any point referring to light, wind, rain, condition of courts etc., affecting the commencement or continuation of play, shall be left to the sole discretion of the two captains. In the event of a disagreement, the referee's decision will be final.
- 3.8 **Non-Compliance:** Any club failing to play on the day fixed by the Committee, or having failed to inform the league convenor of an alternative date agreed on by both teams, with the exception of 3.8 (a) and (b), **shall be disqualified**. All their points will be deleted and the team relegated to the next league. A fine of R150,00 will also be applicable.
- 3.8(a) One league team of a club will be allowed to miss one match due to the unavailability of club players. At the completion of the league, the League Committee will award points for missed matches based on the two teams' records, with the proviso that the defaulting team is not allowed to win the match.
- 3.8(b) Match cancelled due to rain, sodden courts and boisterous weather
- 3.9(a) **Players:** Players need to be a registered member of the Club they are playing for and may only play for that Club during leagues. However, where a team can be made up of a combination of club members, such team may be considered by the league committee.
- 3.9(b) Clubs having more than one team in the league may not play a player in the lower team who has played two or more matches for the higher team, except in the case where that player was originally chosen for the lower team.
- 3.10 **Composition of Leagues:** Due to time constraints, leagues will be restricted to a maximum of 8 teams, but preferably 6.
- 3.11(a) **Postponed Fixtures:** In the case of postponed fixtures (rained out matches) where the same (or normal) team cannot be fielded, clubs should not use the opportunities that may arise to strengthen their team, e.g. a team player should not be used in the B side if the A team has a bye or has already completed all other matches.
- 3.11(b) On agreement of both teams, matches may be postponed but need to be completed by the second last Saturday of the league. If this is not the case then Rule 3.8 will apply to the team that defaulted first.
- 3.12 **General Rule and Spirit:** The general rule and intended spirit of the Leagues is that the club which cannot field its original team members, should disadvantage itself by substituting lower ranked players. Doubtful cases, or those which appear to go against the general rule, should be cleared with the League Committee.
- 3.13 **Number of Matches:** No player may play more than one singles and no player may play more than two matches per fixture.
- 3.14 **Retirement:** Any member of a team who is compelled to retire through accident, injury or illness during his/her first match of a fixture, may be substituted by another qualified player not of a higher division of the same club within half an

hour of such retirement, the uncompleted game or sets of the interrupted match being forfeited to the club not in default. In the case of a result where matches are even, completed sets/games shall stand. If the player's medical condition allows, he/she may play the second match.

3.15 **Rained out Fixtures:** At the discretion of the League Committee, depending on the number of teams in each league and the number of weeks available, it will be specified at the start of the league whether rained out matches will be played or if the rained-out rule will apply. If the rained out rule is to be applied, the score cards for these matches must be filled out as follows:

**Completely rained out matches:** The decision to cancel a match completely must be taken at 14h00 after which there will be no play, unless both captains agree to play. Should one of the teams be from out of town, this could be done telephonically at 12h00 if there is absolutely no doubt that it is too wet to play. Each team will then score 7 points (Premier and Leagues 3-6) or 6 points (Leagues 1 & 2) or 5 (all other leagues), i.e. 1 point each for each match, plus 1 bonus point each.

**Partially rained out matches:** For uncompleted matches, 1 point is scored for each completed set, and for the balance of that match, each team receives an extra point. For example, if rained out at 1-0, then scores is 2-1; rained out at 1-1, then score is 2-2. Completed individual matches are scored normally. If no set is completed, it counts as an unplayed match. The 2 bonus points are awarded to the team with the most points, or split if the points are equal.

3.16 **Team Formats:**

3.16.1 Men's Premier League:
